

Prescription Savings Program

Partnering with the

Pharmacy services at the Wood County Community Health Center are reserved for patients of the Center.

How the Program Works

The Prescription Savings Program combines quality medical care for ongoing, routine treatment with a lower cost for prescription co-pays.

The Program is available for members who are primary on the Wood County Employee Health Benefits and does not coordinate benefits.

To utilize the Prescription Savings Program, the member **must** transfer primary care services to the Wood County Community Health Center. This grants members full access to the Center's on-site, full service pharmacy.

To see if your medications qualify under the program, call MedBen Rx at 1.888.633.2366. Note that not all medications are available through this program.

Pay \$5 for up to a 90-day* supply without the hassle of mail order!

Savings Example under the Prescription Savings Program

Jardiance for Type 2 diabetes
Prescription Formulary Tier 2 medication

Employee Co-payment at Retail Pharmacy:

- **\$45** per 30 day supply or \$540 annually
(12 - 30 day fills)

Employee Co-payment through Mail Order:

- **\$90** per 90 day supply or \$360 annually
(4 - 90 day fills)

Employee Co-payment under the Prescription Savings Program:

- **\$5** for up to a 90 day supply* or \$20 annually
(4 - 90 day fills) a savings of \$520

* Some restrictions apply. To ensure new medications prescribed by a physician are effective, the first fill will be limited to a 30-day supply. After that, a 90 day fill will be available. Medical Review is for requesting coverage of drugs that are not covered by the Plan. Prior to purchase, the prescribing physician must complete the Medical Necessity Review form. Approved prescriptions over \$1,000 are limited to a 30-day supply. See the Health Benefits Guide or Plan Document for additional information.

If you don't have a primary care physician, consider the Wood County Community Health Center.

Even if you are seeing a specialist for your medical care, consider transferring your primary care to the Community Health Center.

- Schedule an appointment.
Call 419.354.9049
- Sign-off on a *Release of Information* to transfer information from current primary care provider to the Community Health Center
- You can keep your specialist!

Put the Prescription Formulary to Work for You!

It would be great if everyone transferred their primary care to the Community Health Center and we realize that may not be an option for everyone.

You can also save money by utilizing the Prescription Formulary.

Not all drugs have generics, but there may be other less expensive drugs available that treat the same condition. Sometimes all you have to do is ask.

Review the Prescription Formulary with your physician to view therapeutic alternatives during your visit.
